

OVER 50 YEARS OF PERFORMANCE DESIGNED SOLUTIONS

Burner Pipe Solutions 4U

Rotary Kiln Burner Pipes present a unique set of refractory challenges.

URC addresses these opportunities with our 4UService Model & various customized products.

How do we execute the best solution?

- **Audit:** • Analyze current practice and performance
- **Technical Solutions Proposal:**
 - Refractory lining, components and drawings
 - Anchor layout/joint configurations
 - Fab, cast and dry out recommendations
- **Installation Assistance In Field Or Shop:**
 - COAs on material
 - Field install report
- **Responsive Customer Service:**
 - Stock arrangements
 - Fast lead times/emergency delivery available

Industries Served

- Cement/Lime
- Paper
- Pet Coke
- Lt. Wt. Aggregate
- Diat. Earth
- Sugar
